

# Public Health Student Directory

## Information Request

One of the strengths of working in public health is the great social network that develops among individuals and the organizations they work with. Our directory of students, faculty and community partners enhances connections across these entities. Before or on orientation day, you will be expected to submit information on the following items. Understand that your participation is voluntary and you can leave some or all of the items blank. An ID photo will be included with your responses, unless you submit an alternative. You can submit responses electronically to [gregorio@uchc.edu](mailto:gregorio@uchc.edu).

|  |
|--|
| 1 First, and Last name: (let us know if you have an alternative that you prefer).  |
| 2 Discipline and date of your BA or BS degree: (Feel free to include any graduate degrees, certificates, etc. that you may have earned,).  |
| 3 College or University where your degree was earned:  |
| 4 Describe your background and personal experiences that you'd like to include in the directory (e.g., think of what might connect you to other students, and workers in public health - where you have worked, visited, volunteered, what challenges you've faced, accomplishments and recognitions, etc.) <b>Write on back of paper if you need more room.</b> |
| 5 Indicate a few things you like to do outside of school/work (e.g., knitting, ski diving, ventriloquism, etc.)  |
| 6 Your immediate (next 1-5 years) career goals (e.g. Work in local public health, get an MD degree, etc.)  |
| 7 Anything else that you'd like to include.  |
